Community Partnership Panel Meeting Summary

Ajo Operations

September 6, 2019

Purpose

The [Community Partnership Panel](#) is hosted by Freeport-McMoRan to keep the community informed about operational activities and to foster open and ongoing dialogue to develop thoughtful solutions to address community issues.

Safety Share

The safety and health of all Freeport-McMoRan (FCX) employees, along with our commitment to the environment, are of the highest priority. Our objective is zero workplace injuries and occupational illness.

Freeport-McMoRan's **Fatality Prevention Program** and **Fatal Risk Management** practices guide employees to identify what can kill them on a job. A presentation was made to the Panel to highlight how this direct safety focus has aligned communication, messaging, accountability and controls. The focus of fatality prevention is not only critical on the job but also at home.
