

# TRANSFORMING TOMORROW TOGETHER

## Community Partnership Panel Meeting Summary

### Bagdad Operations

April 28, 2016

#### Purpose

The [Community Partnership Panel](#) is hosted by Freeport-McMoRan to keep the community informed about operational activities and to foster open and ongoing dialogue to develop thoughtful solutions to address community issues.

#### Industry/Business Update

For the most recent FCX financial information please visit: [Freeport-McMoRan Investor Center](#).

Introduced Bagdad Operations General Manager Justin Cross who became the GM in February 2016. Justin joined the company in 2006 and comes most recently from Morenci.

There are upcoming changes to public access to the Coors Lake area. Our current mine plan calls for the closure of public access to the Coors Lake area in early 2017. We anticipate using that area as a waste stockpile, with changes in access beginning in April 2016. If you have any questions about access to the lake, please contact Brent Callen in the Bagdad Operations Environmental Department at 928-633-3472.

#### Townsite Update

There will be a change in management at the Circle Bar Steakhouse as the current owner is retiring. Beginning Sunday, May 29, the Circle Bar will temporarily close for 30-45 days while maintenance work is conducted and new management is established. During this time the Diner will have extended operating hours.

The pool will be changing to summer time hours beginning in June.

#### Featured Presentation

Bagdad Unified School District reported on their use of Helios Grant funding, and how they have improved STEM education at the school. They shared this same information at the State Science Teachers Conference with other education professionals from across the state.

#### Community Engagement Update

Freeport-McMoRan employees around the globe volunteered during the Company's 14<sup>th</sup> annual Global Volunteer Month. This year's theme was **Freeport-McMoRan Gives Back - Transforming Tomorrow Together**. Projects focused on putting teamwork into action in ways that improve the quality of life in our local communities.

The Freeport-McMoRan Foundation awarded BUSD a \$5,000 mini-grant for their STEM and robotics program.

**“Dig Into Mining – The Story of Copper”** is a dynamic e-learning platform that delivers cutting-edge educational content designed to engage 21<sup>st</sup> century middle school classrooms. Developed in partnership with Discovery Education, the initiative provides students with a first-hand look into how the earth’s resources shape the world geologically, historically and economically.

**PROGRAM HIGHLIGHTS:**

- 160,000 + total page views
- 450,000 + students reached through curriculum resources
- 200,000 + students engaged through digital interactives
- 200,000 + PR impressions
- 140,000 + virtual field trip participants

The CPP Meets on a quarterly basis – for more information please contact Laura Phelps at [laura\\_phelps@fmi.com](mailto:laura_phelps@fmi.com).
