

TRANSFORMING TOMORROW TOGETHER

Community Partnership Panel Meeting Summary

Bisbee

June 16, 2016

Purpose

The [Community Partnership Panel](#) is hosted by Freeport-McMoRan to keep the community informed about operational activities and to foster open and ongoing dialogue to develop thoughtful solutions to address community issues.

Safety Share

The safety and health of all Freeport-McMoRan (FCX) employees, along with our commitment to the environment, are of the highest priority. Our objective is zero workplace injuries and occupational illness.

We are now officially into monsoon season. Please remember to watch for lightning as thunderstorms move in, use sunscreen, drink plenty of water and watch for snakes and bees.

Industry/Business Update

For the most recent FCX financial information please visit: [Freeport-McMoRan Investor Center](#).

Sulfate Mitigation — Long-term groundwater monitoring with agreed-upon contingencies, the remedial action option selected by ADEQ, is ongoing.

Stockpile Reclamation — Work is focused on stormwater management projects and placing additional cover material on the South Bisbee Stockpile with completion anticipated by the end of 2016.

Copper Queen Branch — Earth Day Activities focused on removing three large tin storage sheds from the former Bisbee Lumber Company yard.

Sediment basins have been cleaned, berms have been inspected and pumps have been checked in preparation for the monsoon season.

Community Engagement Update

Global Volunteer Month — Freeport-McMoRan employees around the globe volunteered during the Company's 14th annual Global Volunteer Month in April. This year's theme was "Freeport-McMoRan Gives Back — Transforming Tomorrow Together," which focused on projects designed for employees to put teamwork into action in ways that improve the quality of life in our local communities.

- Bisbee/Douglas employees and the Wildlife Habitat Council volunteered to create a habitat for pollinators at the Bisbee Community Garden.

“Dig Into Mining – The Story of Copper” is a dynamic e-learning platform that delivers cutting-edge educational content designed to engage 21st century middle school classrooms. Developed in partnership with Discovery Education, the initiative provides students with a first-hand look into how the earth’s resources shape the world geologically, historically and economically.

PROGRAM HIGHLIGHTS:

- 160,000 + total page views
- 450,000 + students reached through curriculum resources
- 200,000 + students engaged through digital interactives
- 200,000 + PR impressions
- 140,000 + virtual field trip participants

Community Discussion Summary

ASU Lodestar Center for Nonprofit Philanthropy and Innovation led a collaborative discussion around the **Leadership Sustainable Communities Initiative** which resulted in Bisbee identifying **Community and Economic Development** as the community priority and to **Increase the Number of Businesses Developed, Attracted and/or Retained** as the community outcome. Throughout the year, ASU Lodestar will partner with the community to establish a leadership cohort and provide resources needed to move through a process of addressing Increase Number of Businesses Developed, Attracted and/or Retained.

The CPP meets on a quarterly basis — for more information please contact Jessica Knowlton at jknowlto@fmi.com.
