Community Engagement Update

Each year Freeport-McMoRan partners with **United Way** to ensure that a range of charitable health and human service organizations — in addition to the ones employees support — have the financial resources to provide critical services to those in need. The Company's 2016 campaign will run from **October 28 through November 18**. To enhance employee donations, the Freeport-McMoRan Foundation will double match the first \$1,000 donated and single match any amount above \$1,000 to United Way.

The Freeport-McMoRan Foundation is proud to partner with the Boy and Girl Scouts near our operations. In 2016, **over \$50,000** was invested with local councils to support personal development, leadership experiences, financial literacy, STEM, community service and outdoor activities, etc.

In Southeastern Arizona, Girl Scouts of Southern Arizona and the Grand Canyon Council received support.
