## Community Engagement / Development Update

### Human Rights Impact Assessment

- We conduct Human Rights Impact Assessments (HRIAs) as part of our commitment to operating in a way that respects people. HRIAs are both a Human Rights Policy commitment and a requirement of the Responsible Production Frameworks to which we adhere.
- As a follow-up to the Arizona operations HRIA completed in 2022, we provided an overview of our HRIA process as well as community-related findings and associated action items, soliciting feedback and input from CPP members. Key findings specific to Morenci related to road safety, the housing deficit, additional support for families and teens in the community, and pollution mitigation and communication.
- Refer to the Human Rights section of our 2022 Annual Report on Sustainability for more information.

### Tailings Storage Facility Update

- As a member of ICMM, we participated in the development of the Global Industry Standard on Tailings Management (Tailings Standard) and are fully committed to conforming to the requirements
- We have been conducting a rigorous risk assessment process at all of our tailings facilities and have changed some facility consequence classifications to align with the criteria of the standard. Details will be shared at the Q3 CPP meeting.
- The assessment and consequence classifications will be reflected in our disclosure documents which will be updated and posted on [Freeport-McMoRan | FCX](#) in August.

### Our Commitment to Social Investing
