## Q4 Site Tour

For the 2024 Q4 CPP meeting, Freeport-McMoRan Miami operations subject matter experts (SMEs) provided CPP members with a site overview presentation followed by a site tour.

CPP members gathered for lunch at the Cobre Valley Recreation Center for the operations overview presentation from site SMEs to highlight upcoming tour stops. CPP members and SMEs rode together on a chartered bus and visited the following areas: Miami open-pit overlook; the Webster Infill Project (1,000+ acres with expansive views of Miami operations and the community); the smelter converter aisle; and the rod plant. CPP members appreciated the opportunity to see the places and processes. Several commented on the vastness of the site.
